Fire Chief Salary increase narrative

Many volunteer fire departments in California, including ALRFVD continue to see substantial increases in incident levels year after year. First responder duties not only include structure fires and wild land fires but also medical responses, traffic accidents, public assistance and hazardous conditions. The growth of our district has caused many changes in departmental structure. These changes were implemented over the course of time to meet the challenges of providing quality fire and rescue services to the community. The growth of our community has created many challenges that required our department to change the organizational structure by hiring a part-time administrative assistant and a part-time fire chief. These changes demonstrate that our organization is evolving to a combination type of department where compensated staff need to be added to the organization.

It has also become increasingly difficult to recruit and train volunteer fire fighters for the many different incidents. Our existing program is not sustainable to meet the changing needs of fire department challenges.

Our fire chief has been working what is akin to two full time jobs since he started as fire chief. We recognized the problem 18 months ago when we allocated a part time monthly payment to the chief position. It is possible, with the use our new TOT money coupled with some donation money to create and offer a full-time position to our fire chief. By allowing our chief to devote his attention to our department, it will become possible to create a formal recruitment program for firefighters; provide a solid presence in our community to help increase our funding and donations; implement and refine our training programs to comply with government regulations; and finally, facilitate actions that will improve our ISO rating and thus, lower community costs for insurance and in general improve the safety of everyone in the area.

Other changes and costs that should be addressed shortly or in the near future would be to fund an assistant fire chief position, either in full or part time so that our district has an authority figure in place when the chief is absent for vacation, sick time or training days. Finally, this strategy would be implemented as a trickle down effect to volunteers who work towards increasing their skillset through more required training and increased department participation.

Given this narrative, I motion that "We the board of directors of the Albion-Little River Fire Protection District change the position of part time fire chief to full time fire chief, offering the position to the current Chief Michael Rees. In addition, I also motion that his salary be increased his salary to \$90,000 per year."

This change in position and salary increase shall occur when Chief Rees terminates his present employment. His contract shall be changed to include standard vacation and sick leave and provisions will be made so he may finish all training needed that is required by government regulation for the fire

015

chief position. The new contract shall also include any additional duties required by this full time position. We will also be looking into upgrading his command vehicle through available grants at this time.

As compensation for the services provided by Rees under this Agreement, Rees will be paid a base salary at a monthly rate of \$2500 for the duration of this contract. - **9. PERFORMANCE EVALUATION.** ALRFPD shall conduct an annual performance evaluation of Rees. The performance review shall be in writing and shall be placed in Rees's confidential personnel file. The ALRFPD Board, fire department staff and volunteers, interested community members, and other related community agencies will provide input for the Fire Chief's annual performance evaluation.
- 10. PROBLEM-RESOLUTION. The ALRFPD expects that as Fire Chief, Rees will act in a professional manner and not use a public forum for complaints, problem solving of confidential, internal conflicts regarding the ALRFPD, personnel or departmental complaints, problems or issues. Rees will communicate directly with the ALRFPD Board of Directors regarding any area of concern. This provision is not intended to interfere with Rees's free speech rights but is limited to confidential, internal, department conflicts.
- 11. COMPLIANCE WITH EMPLOYER'S RULES AND PROFESSIONAL STANDARDS. Rees agrees to comply with all of the rules and regulations of the ALRFPD and relevant public laws or regulations relating to his position and its duties.

Examples of crimes that would seriously jeopardize the Department's integrity and reputation include, but are not limited to: arson, distribution of illegal drugs, sexual assault, stalking, violent crimes, or DUIs. Termination "for-cause" must be approved by a simple majority of the ALRFPD Board of Directors.

 - c. No Severance Pay. There will be no severance pay to Rees under any circumstances.
- **d.** Rees Resigns With Notice. ALRVFD cannot legally require Rees to provide any specific notice of his intent to terminate this Agreement. However, in exchange for the ALRFPD's promise to work in good faith to effectuate this Agreement through its full term, and the procedural protections stated above, the ALRFPD Board requests that Rees provide at least 90 days notice of his intent to resign or to terminate this Agreement.
- 14. RETURN OF PROPERTY. Upon termination of this Agreement, Rees shall as soon as practicable deliver to ALRFPD all property which is ALRFPD's property or related, including keys, records, notes, data, memoranda, vehicle, and equipment that are in Rees's possession or under Rees's control.
- 15. ENTIRE AGREEMENT. This Agreement contains the entire agreement of the parties. This Agreement supersedes any prior written, oral contracts/agreements, or practices between Rees and ALRFPD.
- **16. AMENDMENT**. This Agreement may be modified or amended, if the amendment is made in writing and is signed by both parties with the ALRFPD Board's approval.
- 17. SEVERABILITY. If any provisions of this Agreement shall be held to be invalid or unenforceable for any reason, the remaining provisions shall continue to be valid and enforceable. If a court finds that any provision of this Agreement is invalid or unenforceable, but that by limiting such provision it would become valid or enforceable, then such provision shall be deemed to be written, construed, and enforced as so limited.
- 18. WAIVER OF CONTRACTUAL RIGHT. The failure of either party to enforce any provision of this Agreement shall not be construed as a waiver or limitation of that party's right to subsequently enforce and compel strict compliance with every provision of this Agreement.
 - 19. APPLICABLE LAW. This Agreement shall be governed by the laws of the State of California.

To: <Wendy@albionfire.com>

Hi Wendy and thanks for the call back.

I'd like the ALRVFD Board to consider our painting a mural(s) on the water tank at Middle Ridge opposite Hamm's Lane. We acknowledge the tank is the property of the ALRVFD and permission is required. I will attend the meeting to discuss the proposal and provide several design concepts of what is contemplated.

Suzi Long is the artist we've engaged should this go forward. She recently completed a similar project for Tim Scully at 32191 Albion Ridge Rd. (not "C") The tank is just inside his driveway, not visible from the road. If Directors wish to view this example, please do not disturb Tim or his tenants.

If more information is needed to place this item on the August agenda, Wendy, please let me know.

Thank you.

RESOLUTION NO: 20220815

A RESOLUTION ESTABLISHING AND IMPLEMENTING A PROGRAM TO CHARGE MITIGATION RATES FOR THE DEPLOYMENT OF EMERGENCY AND NON-EMERGENCY SERVICES BY THE FIRE DISTRICT FOR SERVICES PROVIDED/RENDERED BY/FOR THE ALBION-LITTLE RIVER FIRE PROTECTION DISTRICT

WHEREAS, the emergency services response activity to incidents continues to increase each year; Environmental Protection requirements involving equipment and training, and Homeland Security regulations involving equipment and training, creating additional demands on all operational aspects of the fire district services; and

WHEREAS, raising real property tax to meet the increase in service demands would not be fair when the responsible party(s) should be held accountable for their actions; and

MITIGATION RATE NOTES

The mitigation rates above are average "billing levels" for one hour of service, and are typical for the incident responses listed, however, when a claim is submitted, it may be itemized and based on the actual services provided.

These average mitigation rates were determined by itemizing costs for a typical run (from the time a fire apparatus leaves the station until it returns to the station) and are based on the actual costs, using amortized schedules for apparatus (including useful life, equipment, repairs, and maintenance) and labor rates (an average department's "actual personnel expense" and not just a firefighter's basic wage). The actual personnel expense includes costs such as wages, retirement, benefits, workers comp, insurance, etc.
